T2 Domestic Terminal Upgrade

FAST
FACTS

Cairns Airport is Growing

Traffic through Cairns Airport Domestic Terminal is expected to **grow by 40% to six million passengers** a year by 2027, giving us **#sixmillionreasons** to invest in making it even better.

Improved Customer Experience

Reconfigured boarding gates, additional seating and improved layout will take customer experience to new heights from touch down to take off.

Driving Economic Growth

The **\$55 million project** will generate more than **350 jobs** during the **construction phase** and another **150 permanent jobs** on completion, contributing to the strength of the local economy and cementing Cairns Airport as one of the major economic drivers of the region.

World Class Shopping & Dining

An additional **2000 square metres** of high quality shopping and dining will showcase the best of Tropical North Queensland to the world.

The Journey Starts & Ends Here

Exciting and delighting passengers today and into the future.
